

Cutting Edge Technology. Innovative Solutions.

Dedicated to your productivity.

Established Since 2002 - PRM, PRM Engineering Services & Plantmech form three complimentary companies which respectively focus on, Specialised Machine Attachments, (www.premrock.com.au), Automation Solutions and Safety Systems (www.prmeng.com.au) & Hydraulics & Machine Control Systems (www.plantmech.com.au)

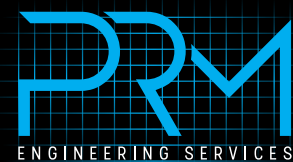

With a team of over 20 Auto Electricians, Mechanical Fitters, Mechatronic Engineers and Customer Service team members, we proudly serve a range of Tier 1 & Tier 2 clients across rail, construction, heavy machinery, waste, recycling & municipal sectors in Australia, New Zealand and Pacific Islands.

- Heavy Machinery Hydraulic System Install, Maintenance & Repair
- Hose Burst Protection Specialists
- Customised Hydraulic Solutions
- Field Service & Workshop Capability
- Fabrication, Spares & Parts – Valves, Hoses, Fittings
- Automated Lubrication Systems

- Niche, Quality Excavator Attachments
- Specialised Attachment Solutions
- Sales, Service, Genuine Spares & Aftermarket Support
- Piling, Drilling, Rock Breaking, Screening, Pile Cutting, Demolition, Quick Couplers
- Workshop & Field Service Support

- Programming, Robotics, Mechatronics
- Innovative On-Machine Safety Systems
- Custom Machine Control Systems
- Height Limiters
- Slew Limiters
- Safe Load Indicators
- Pedestrian Recognition & Detection
- Autonomous Braking
- Vision Systems, Radar Systems

We Value:

- A Customer First Attitude
- A Focus on Quality
- Industry Knowledge
- Innovation
- Commitment to Service
- Professional Development & Training
- Quality Industry Partners
- A Skilled & Experienced Team
